General Information**Purpose**

Use Form 592-A, Nonresident Withholding Remittance Statement, to report and remit withholding payments to the Franchise Tax Board (FTB). Each payment made during the year must be accompanied by Form 592-A. However, for payments made after the end of the year with Form 592, Form 592-A is not required. Do not include Forms 592-B, Nonresident Withholding Tax Statement, with Form 592-A. Forms 592-B must be attached to Form 592 after the end of the year.

Who Must File

Any individual or entity making payments of California source income to individuals who are nonresidents of California or to corporations or partnerships that do not have a permanent place of business in California or to non-California estates and trusts, must withhold tax from such payments, file Form 592-A, and remit the amount withheld to the FTB.

Income Subject to Withholding

Types of income subject to withholding include:

- Compensation for services performed in California by nonresidents who are not employees. Compensation for services includes payments

for services rendered in California (including payment of expenses not separately stated), commissions paid to salespersons or agents for orders received or sales made in California, fees for professional services rendered in California, and payments to entertainers, wrestlers, boxers, etc., for performances in California.

When compensation is paid for services performed both within and outside of California, the portion paid for services performed in this state and subject to withholding should be determined by an allocation. The independent contractor should complete Form 587, Nonresident Withholding Allocation Worksheet.

For more information, get FTB Pub. 1023, Nonresident Withholding Independent Contractor, Rent & Royalty Guidelines;

- Payments to nonresidents for rents or royalties on property (real or personal) located in California. For more information, get FTB Pub. 1023;
- Distributions of current year California source income to nonresident beneficiaries from an estate or trust;
- Prizes and winnings paid to nonresidents for contests in California;
- Partnership income or gain allocable under IRC Section 704 to foreign nonresident partners. For more information get FTB Pub. 1017, Nonresident Withholding Partnership Guidelines;

- Distributions of California source income to domestic (U.S.) nonresident partners or members. For more information get FTB Pub. 1017; and
- Other payments of California source income to nonresidents.

Withholding Rates

Withholding is required on payments made to nonresidents for income received from California sources (R&TC Section 18662). The withholding rate is seven percent unless the withholding is on foreign partners or a reduced rate is authorized by the FTB. For foreign partners, the withholding rate is the maximum California tax rate applicable to the partner (corporations 8.84%, banks 10.84%, foreign partners that are not corporations or banks 9.3%).

Exceptions

Withholding is not required when:

- The payment is for goods;
- The payment is being made to a resident of California or to a corporation, partnership, or a limited liability company (LLC) that has a permanent place of business in California. Form 590, Withholding Exemption Certificate, can be used by vendors/payees to certify that they are residents of California or have a permanent place of business in California. The signed form containing this certification should be retained by the withholding agent and must be provided to the FTB upon request. Withholding agents will be relieved of the withholding requirements if they rely in good faith on a signed Form 590 stating that the vendor/payee is a resident of California or has a permanent place of business in California.

Note: If the resident, corporation, LLC, or partnership that has a permanent place of business in California is acting as an agent for the actual vendor/payee, this exception does not apply;

- The total payments of California source income to the vendor/payee by the withholding agent are \$1,500 or less for the calendar year (for foreign partners, there is no minimum threshold before withholding is required.);
- The payments are for interest or dividends;
- The payments are for services performed outside of California or for rents, royalties, or leases on property located outside of California;
- The vendor/payee is a tax-exempt organization, insurance company, IRA, or qualified pension plan under either California or federal law;
- The payments are wages paid to employees.

Note: Wage withholding is administered by the California Employment Development Department (EDD). For more information, contact EDD customer service at (888) 745-3886 or visit their Website: <http://www.edd.ca.gov>.

- The vendor/payee receives a written authorization from FTB waiving the withholding;
- The domestic nonresident partner provides the partnership with a signed Form 590-P, Nonresident Withholding Exemption Certificate for Previously Reported Income; or
- The income of nonresident partners, including a bank or corporation, is derived from qualified investment securities of an investment partnership.

Waivers

The FTB will generally grant a waiver if:

- The vendor/payee has a history of filing California returns including the return most recently due;
- The vendor/payee is currently making estimated tax payments;
- Distributions are made by publicly traded partnerships; or
- Distributions are made to brokerage firms or tiered partnerships.

The FTB will generally grant a reduced withholding rate when the seven percent withholding rate results in significant over-withholding. Get Form 588, Nonresident Withholding Waiver Request, to request a waiver or a reduced rate of withholding.

Note: There is no provision in the law to allow waivers or reduced withholding to foreign partners.

If the distribution from a partnership is determined to be a return of capital or does not represent taxable income for the current or prior years, no withholding is required. Although a waiver is not required in these situations, the partnership may be subject to the penalty for failing to withhold if, at audit, the FTB determines that the distribution represented taxable income.

Interest and Penalties

The law provides for interest and penalties on late payments of withholding. Interest is computed from the due date of the withholding to the date paid.

- Failure to timely withhold may result in the withholding agent being personally liable for the amount of tax that should have been withheld and for interest and penalties.
- Failure to timely provide Forms 592-B to the FTB may result in penalties up to \$100 per Form 592-B.
- Failure to provide Forms 592-B to the payees may result in penalties up to \$100 per Form 592-B.

When and Where to File

File Form 592-A with the payment of withholding by the 20th day of the month following the month that the total amount withheld, but not remitted, from all vendors/payees exceeds \$2,500.

Do not include Form 592-A when the final payment for the year is included with Form 592. For foreign partners, payments are due quarterly to the FTB with Form 592-A on the 15th day of the 4th, 6th, 9th, and 12th months of the partnership's tax year. Send withholding payments and Form 592-A to:

Note – Using this installment payment worksheet and timely paying the calculated amounts protects you from penalties for underpayment. However, you may still need to make a fifth payment with Form 592, Nonresident Withholding Annual Return, after the end of the year. If you know exactly what the foreign partner's or member's share of California source partnership or LLC income is for the quarter, you can calculate the

quarterly payment by multiplying the partner's or member's share of California source taxable income for the quarter by the maximum tax rate (currently, 8.84 percent for corporations, 10.84 percent for banks and financial institutions, and 9.3 percent for all others) instead of using this worksheet.
